At the Council meeting on Dec. 4 a Mr. Ned Ardagna raised what he felt was government "misconduct" (my word) regarding the City's Community Appearance Program. He thought it was a way to get more money into the city's budget and to conduct searches of private property. You may want to review the streaming video.

Mr. Adgagna quoted a letter that was signed by Kristi Vipond. I met with Kristi on Monday and she gave me copies of the correspondence and background on the effort.

Given the comments at council and as the program proceeds additional residents may contact the mayor and council with questions, I thought it a good idea to provide a briefing to the mayor and council staff.

So, a quick presentation with Q&A would be appreciated. I asked Kristi if she was willing to do that and she said yes, but I wanted to pass the request through her chain of command as well - additional staff participation is welcomed.

Any excuse is a good one. And yes we should talk about that packet. What are you doing for lunch?

Good Morning Dan,
I hear I was maligned a bit last night. . . I can't wait to see the archived meeting. My name is very rarely in the spotlight - I'm bummed it was negative. Sorry!! (I have the packet I sent to those residents if you need a copy.)

On a better note: Have a beautiful day!
Kristi

Yes, 1120 Second Av. I've attached a photo of his house (yes, his boat is parked illegally within his front yard. . .and yes, that is an illegal canopy in his driveway).
